

**PUBLIC NOTICE OF APPLICATION TO TRANSFER OWNERSHIP
RESPONSIBILITY FOR CORRECTIVE ACTION PERMIT**

PLEASE TAKE NOTICE that INVISTA S.à r.l. (INVISTA) currently owns the real property located at 4501 North Access Road, Chattanooga, Tennessee 37415 (Property). The Property is subject to Hazardous Waste Management Corrective Action Permit Number TNHW-136 (Permit), which was issued to E.I. duPont de Nemours and Company (DuPont) effective September 19, 2008. The Permit requires certain actions for solid waste management units (SWMUs) and other areas of concern at the Property. Ownership of the Property was transferred from DuPont to INVISTA on April 11, 2013, and DuPont and INVISTA submitted a request to the Tennessee Department of Environment and Conservation (TDEC) to transfer ownership responsibility for the Permit. The transfer will not alter the requirements of the Permit, or otherwise reduce the capacity of the owner's legal responsibility to protect human health and the environment. The required actions at the Property, which include institutional controls and groundwater monitoring, have already been noticed to the public and approved by TDEC.

Notice of this proposed transfer must be sent to all persons on the facility mailing list for the Property that is maintained by the Commissioner and to appropriate units of State and local government.

During the thirty (30) day public comment period following publication of this Notice, beginning September 5, 2013 and ending October 5, 2013, any interested person may submit comments on this transfer by contacting: Mr. Clayton Bullington, Division of Solid Waste Management Central Office, Tennessee Department of Environment and Conservation, William R.
